---

Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for the Stanislaus County, has received and approved a Report of Facility Information (RFI) Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c). This public notice was prepared pursuant to Title 27 CCR 21660.1.

Project Description

Gilton Resource Recovery Transfer Facility is an existing large volume transfer/processing facility operating under a full Solid Waste Facilities Permit issued on August 28, 2000. The application package to amend the RFI requests the following changes: inclusion of a disbatch center; inclusion of a change to tire operations; and updates to the facility map.

The EA finds that the proposed changes are consistent with all applicable certified and/or adopted California Environmental Quality Act (CEQA) documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current Solid Waste Facilities Permit.

For Additional Information

To review a copy of the application and supporting documents, please contact Mr. Danhoff or Ms. Isaacson.
